Everyone deserves a safe and affordable place to call home. To make this a reality the Government of Canada is making funding available to municipalities through the Housing Accelerator Fund.

As part of Canada's National Housing Strategy, the Housing Accelerator Fund makes \$4 billion available to municipalities and Indigenous communities to develop innovative measures to unlock new housing supply and fast-track the creation of more new housing across the country.

This is what federal leadership looks like. I look forward to seeing what can be done in partnership with municipalities in Cloverdale – Langley City with money from the Housing Accelerator Fund.
